# Your Gateway to Cutting- Edge Packaging Technologies

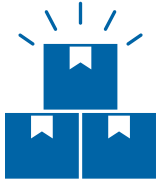

Welcome to Crawford Packaging's Automation Experience Centre, where innovation meets automation in the world of packaging! Located in the heart of the Greater Toronto Area (GTA), our state-of-the-art facility offers a unique opportunity to explore the latest innovations in packaging technology.

# Explore the Latest Packaging Innovations

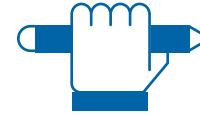

At our Automation Experience Centre, we've gathered the latest packaging technologies from best-in-class global suppliers. Get hands-on with equipment like stretch wrap machines, shrink wrap equipment, automatic mailers, tape machines, automatic case erectors, autonomous forklifts, and more. Discover how they can optimize your packaging processes and enhance your business performance.

# A Trade Show Experience Like No Other

Step into our Automation Experience Centre, and you'll feel like you've entered a trade show dedicated solely to packaging innovation. Here, you're welcome to return as often as you'd like. Our live demonstrations, tailored to your needs and interests, will allow you to get up close and personal with the equipment and the solutions we provide.

# Elevate Your Knowledge and Expertise

Join us for engaging learning sessions led by industry experts, gain hands-on experience with cutting-edge equipment through our training programs, and access the latest news and trends in packaging automation.

# Hands-On Trials and Testing

Not only can you witness the equipment in action, but you can also bring your own products and run trials and tests right here in our facility. Our expert team is on hand to guide you through the process, ensuring you get the most out of your visit. It's an unparalleled opportunity to fine-tune your packaging processes with the latest technology.

## Access to Top Packaging Experts

Our dedicated team of Packaging Specialists and Automation Experts is always available on-site to provide guidance and support. With their extensive experience and expertise in both semi and fully-automated equipment, they're here to offer insights, answer your questions, and assist in tailoring the perfect solutions to meet your specific needs.
