

PROTECT IT RIGHT

GUARANTEED SAVINGS
OF UP TO 30%

Protect It Right

What It Is

Protect It Right audits existing protective packaging practices, materials and equipment. Protect It Right will identify areas of inefficiency and offer improvements to increase productivity and reduce per pack costs. Through Protect It Right clients have discovered ways to reduce their costs by up to 30%.

Benefits

Increased Productivity

Reduced Packaging Waste

Reduced Consumption

How It Works

Our Packaging Specialists perform an in-depth audit of your existing protective packaging. This audit identifies areas that can be optimized to increase speeds, reduce damage and improve standards. Protect It Right can involve the addition of automated equipment or optimized protective packaging materials.

Reduced Shipping Damages

Reallocate Labour

Consistent Standards

Void Fill Machines

Void fill packaging uses secondary packaging materials to fill space in packages and limit shifting during transport. Void fill packaging protects and cushions your product during shipping, ensuring it reaches your customers intact for an amazing first impression.

Types of Void Fill Machines

- Bubble On-Demand
- Paper Void Fill
- Air Pillows
- Foam-in-Place

Top Benefits of Void Fill Machines

Superior Protection

High-quality protective packaging products reduce damages and returns to improve customer satisfaction.

Reduced Void Fill Waste

Reduce the waste that is generated from the trimming and sizing of pre-produced void fill products.

Maximize Floor Space

Reclaim your floor space with on-demand void fill packaging.

Protective Packaging

Protective packaging products have been one of our specialties for over 50 years and is one of the foundations we have built our business on. Many years of experience in protective packaging provides us the background and the knowledge necessary to get your products shipped and delivered in perfect condition at minimal expense.

Bubble Wrap® & Air Pillows

Pre-filled or on-demand inflatable packaging, air pillow packaging and cushioning solutions are designed for speed and maximum labour efficiency.

Increased Speed

Lightweight

Strong Protection

Korrvu®

Korrvu® packaging safely holds your product in the centre of the shipping container and keeps your product securely in place, protecting it from shock and vibration.

Extremely Versatile

Enhanced Unboxing

Superior Protection

Foam Packaging

Foam packaging systems provide custom engineered, foam in place packaging at the tip of your fingers. Foam is an effective protective packaging solution for various applications.

Moisture Resistant

High Load Bearing

Paper Void Fill

Paper void fill material is easily managed by hand or can be used in an automated packaging machine for increased speed and efficiency.

Sustainable

Easy Packaging

Service

1

Packaging Consulting

Choose the right product to meet your business requirements. Our knowledgeable Packaging Specialists will work with you to provide the best solution for your packaging operation needs. Benefit from our extensive project experience.

2

Packaging Equipment Deployment

Our expert automation team ensures successful equipment deployment. Our team gets your new system up and running quickly, and provides hands-on operator training to maintain optimal performance levels.

- Equipment Placement
- Installation & Upgrades
- Training

3

After Sales Service

We stand behind our products by offering our clients outstanding after sales service. Our automation team is fully qualified to maintain, service and source parts for all major brands of packaging equipment solutions.

- Preventative Maintenance
- Emergency Repair Service
- Replacement Parts

Performance Guarantee

At Crawford Packaging we do not just sell, install and service turn-key packaging solutions. We are committed to maximizing performance by ensuring installations operate as promised. We find the right packaging machines, products and services to make sure your packaging solutions run quickly and efficiently. At Crawford Packaging performance is not just our goal, it's our promise.

Buy It Right

Financing Program

What is Buy It Right?

Let your cost savings pay for your machine. The Buy It Right Program offers companies the ability to finance their equipment purchase over an extended period of time. The Buy It Right Program allows you to consolidate your equipment financing payments with the packaging material it uses. This allows businesses to avoid large capital costs.

How Buy It Right Works

Working closely with your Packaging Specialist, you will develop a comprehensive packaging machine and materials plan.

The Packaging Material

Our Packaging Team will work with you to develop the estimated usage of your new packaging equipment over the length of your contract period. The packaging material purchases will form the basis for your financing plan payments.

The Packaging Equipment

We use the value of your equipment, and amortize the cost by distributing it across your forecasted packaging material use for the financing period.

Program Plan

Once your Buy It Right Program Plan development and packaging machine installation is complete, you are ready to begin packaging products. As you order additional packaging material the financed cost of your new packaging machine is reduced.

No Capital Approvals

Conserve Cash

No Complications with Financing Institutions

Pay for Your New Equipment Through Automation Savings

Book your audit today!

Our team of Packaging Specialists will provide a complete audit of your entire packaging channel focused on:
